## FRIENDS RALLY TO HELP DRIVER

Bond Required of Young Man Is More Than Subscribed.

Valancy C. Driver, one of the principals in the Driver-McQuaid shooting affray on Fort street a few weeks ago, and who was arrested charged with assault with a deadly weapon secured his release on \$3,000 bail last Wednesday night.

Men who had worked with Driver on the Pearl Harbor dredging, where he was a government inspector, rallied for him and subscribed a purse of \$3,500, five hundred dollars more than the amount necessary. His attorney, A. L. C. Atkinson, found a ready response from the men who had been associated with young Driver.

He will appear before the Grand Jury next Wednesday, and Mr. Atkinson stated this morning that Driver will answer any questions the jury can properly put to him.

## PROFANITY RANG ON NAOLE LANAI

The lanai in front of the apartments occupied by Mr. and Mrs. Willie Naeole rang with a fusillade of naughty words on the evening of November 16 and the result of an unwarranted employment of profanity brought Naeole to book at police station.

Judge Lymer spent nearly a half hour in listening to testimony from several Hawaiian women who resided in a tenement house located on Liliha street. The witnesses all declared that the Naeole brand of conversation was altogether too highly spiced for Liliha street auditors.

The allegation was strenuously denied by not only Naeole but by his wife as well.

The matter received disposition by the imposition of a fine of eight dollars and the court costs.

## AKAI TO LEAVE ON THE MAUNA KEA

Manager of Japanese Bank Goes to Hilo On Visit.

Y. Akai, manager of the Yokohama Specie Bank, Ltd., will be a passenger in the Mauna Kea, which leaves for Hilo next Tuesday, November 29. Mr. Akai is going to Hilo to visit and to familiarize himself with the general condition of the town. He will return on the same boat.

Mr. Akai, who has not had an opportunity to go to Hawaii since his arrival here, has been contemplating a visit to the "Rainy City" for some time, but owing to pressure of business which necessitated his presence here he has been unable to leave his post.

Mr. Akai, it is stated, will go to Hawaii again next year with a view to extending his visit to the other places on the island.

## THREE GAMES PLAYED IN SCHOOL LEAGUE

Three games played and one forfeited was the record in Grammar School Co-ed league Wednesday afternoon, none of the defeated teams being able to score against their opponents.

Royals did not show up for their game with the Kams, so this game went by forfeit. St. Louis defeated Kanuhumu 2-0, Central Grammar put it over Normal 1-0, and in the game between Iolani and Punahou neither side was able to score.

The Royals have been defeated five straight games and their courage to continue is no good, so they have withdrawn from the league.

The next game scheduled in the league is on Monday, when Kams and Normals meet at Boy's Field.

## THE NOVELTY THEATER.

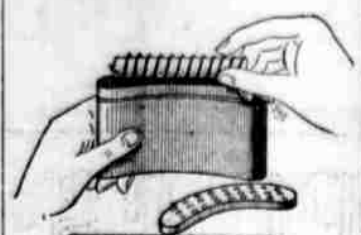

The Novelty Theater did a record business yesterday, and from the opening hour till the final picture was shown, the house was crowded and the "standing room only" sign had to be displayed. The Musical Millers made the hit of the evening, and their act was a perfect one. Wise and Milton also did well, and they were well received. G. W. Stanley, a ballad singer, pleased the audience and his singing was a feature of the performance. The pictures shown were really good, and the clearness with which they were shown was remarked upon by the huge audience that, at different times, assembled.

## COLDS CAUSE HEADACHE

LAXATIVE BROMO-QUININE, removes the cause. Used the world over to cure a cold in one day. E. W. GROVE'S signature on each box. Made by PARIS MEDICINE CO., Saint Louis, U. S. A.

## SIMPLY LIGHT AND INSERT TUBE

Warmer does the rest

### The Welkom Warmer

Size 3 1/2 x 5 1/2 inches, weight 4 1/2 ounces.

The only modern, safe, effective and sensible substitute for the antiquated Hot Water Bag.

No water to heat—no rubber to rot. Will last for years.

The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a blazeless, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

### AS A PAIN KILLER

The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.

By placing the Warmer on the affected part the heat being dry, not moist, takes out the cold. Physicians say that the moist heat of the hot water bag will not cure but aggravate the ailments above mentioned.

Many have been sold—not a single complaint.

Complete outfit including Warmer, bag, belt, coil and 10 tubes of fuel sent prepaid to any part of the U. S. up receipt of \$1.00.

If you wish to know more about this wonderful device write today for free descriptive booklet.

WELKOM WARMER MFG. CO.  
108 Fulton St., New York.

## GO TO THE SAVOY.

If you are interested in the man, ner in which Old Glory was born and how it has lived with honor through a half dozen wars, go to the Savoy tonight and note the history as shown in motion pictures. This is one of the best pictures ever shown in Honolulu. Full of interest, and instructive to people here of all ages, it cannot fail to hold the attention of the large crowds attending the show. The vaudeville acts are also good and last night the crowd was so great and the demand for tickets was so much in excess of the capacity of the house that sales were suspended for a time. The Oldfields are seen in a soon sketch with Frank Foster, and Oldfield appears in a single musical turn. The Wilson Sisters, are of course big attractions and the Countess does her good share of the entertaining.

## PERRY DAVIS' PAINKILLER

For a sudden chill or cold (instead of whiskey) use Painkiller. For colic, diarrhoea and summer complaint this medicine never fails. 25c, 35c and 50c bottles.

The collier Cyclops, first of three huge coal carriers to be added to the United States Navy, left Philadelphia on October 19 on her trial trip to Norfolk. There she will receive her capacity, 12,500 tons of coal. The Cyclops is 542 feet long and draws 27 feet 6 inches. She was launched May 7 at Cramps' shipyard.
